

LARGE FORMAT FINE ART PRINTING SERVICE

PhotoHaus Gallery offers Large Format Fine Art Photographic Printing Services, using the latest technology to produce outstanding color and black & white prints. Our gallery is equipped the latest line of professional archival printers made by Epson. At PhotoHaus Gallery, we strive to provide you not just with the highest quality print but also with the highest level of customer service.

We are able to make prints on the full range of fine-art papers by manufacturers such as Epson, Hahnemuehle, Museo, and Innova. Other fine-art papers are available on request.

Popular archival photographic papers are Premium Glossy, Premium Luster, Premium Semi-matte, and Enhanced Matte.

For fine-art printing, archival Giclee prints, popular media choices include Textured Fine Art, Somerset Velvet, Ultrasmooth Fine Art, and the new Hot Press and Cold Press matte papers by Epson.

A test print is \$5 and included with all final prints 40 united inches (height + width) and larger.

File Delivery Options and Standards

All files to be printed should be “print-ready”. For those files in need of pre-print editing (retouching, cropping, adjustments, etc.) we charge \$60/h for such services.

Our working space is Adobe RGB (1998)

We recommend all images be 300dpi at output dimensions for optimum print results. We accept the following image file formats: .psd, .tif, and for smaller print, jpg.

Files may be dropped off between 1pm and 7pm Monday to Friday, or uploaded to our ftp site. Please contact us via e-mail (submissions@photohausgalery.com) for ftp usage instructions.

Prints are generally done within 3 business days, rush service is available (+ 25%) Canvas prints may take up to 5 business days.

Pre-Payment is required for all print orders.
